poornima.a2662@gmail.com

## ABOUT ME

**Python Developer** with **1 years** of experience in designing, developing, and maintaining robust applications. Proficient in utilizing Python frameworks and libraries to create efficient and scalable solutions. Adept at collaborating with cross-functional teams to deliver high-quality software within project deadlines.

## PROFESSIONAL SUMMARY

- **Python Developer** with **1 year** of experience, adept at developing and maintaining web applications using **Python frameworks** such as **Django**.
- Proficient in modern web technologies including **HTML, CSS, and Javascript**, enabling the creation of visually appealing and interactive web applications.
- Experienced in **React JS** and **Bootstrap**, adept at crafting responsive and user-friendly front-end interfaces.
- Backend expertise in **Django**, ensuring robust and scalable server-side functionality for web applications.
- Passionate **Python Developer** with a strong foundation in the **Flask framework**, eager to create efficient and scalable web applications that deliver exceptional user experiences.
- Strong advocate for code quality and testing, leveraging **Pytest** to maintain reliable and bug-free software.
- Skilled in database management with both **MySQL and Oracle**, ensuring data integrity and efficiency.
- Proficient in **Python programming**, demonstrating versatility in scripting and automation tasks.
- Experienced in **Linux environments**, adept at deploying and managing web applications on various platforms.
- **Agile** enthusiast, practicing **Scrum methodologies** to enhance project collaboration and delivery.
- Seeking opportunities to leverage my skills and experience to contribute to innovative projects and drive growth.

### Education

- **B.E - ECE**
- National Engineering College
- 2019 - 2023

### Relevant Skills

- **Python ( Flask & Django )**
- **HTML**
- **CSS**
- **JavaScript**
- **React JS**
- **Bootstrap**
- **Pytest**
- **MySQL**
- **Oracle**
- **Linux**
- **Scrum**
- **AWS**

### Organization

- **WEBTREESM IT SOLUTIONS  
PRIVATE LIMITED, Chennai**
- Oct 2023 - Till Now

## Project Worked

---

**Domain** - E - Commerce

**Client** - Blue Inc ( UK )

**Duration** - Oct 2023 - Till Now

### Description :

- Blue Inc is a forward-thinking and customer-centric retail brand known for its eclectic fashion collections that cater to diverse tastes and styles.
- Blue Inc continually innovates to provide customers with a seamless shopping experience both in-store and online, making it a go-to destination for fashion enthusiasts

### Responsibilities :

- Develop and maintain web applications using Python frameworks like Flask and Django, ensuring robust and efficient codebase.
- Implement dynamic and interactive front-end components using JavaScript, React JS, HTML, and CSS, enhancing user experience.
- Ensured seamless user experiences by implementing responsive design principles, making web applications accessible across various devices and screen sizes.
- Successfully integrated React JS to enhance the interactivity and user-friendliness of web applications, delivering dynamic and responsive front-end solutions.
- Managed and optimized databases using MySQL, ensuring efficient data storage, retrieval, and integrity for applications.
- Employed Pytest to conduct thorough testing, identifying and rectifying bugs and issues, thereby improving the overall quality of applications.
- Utilized Git for version control and collaboration, allowing for efficient code management and team collaboration Proficiently worked in Linux environments, managing server configurations and ensuring smooth deployment of applications.
- Actively contributed as a Scrum team member, participating in daily stand-ups, sprint planning, and retrospective meetings to ensure project goals and deadlines were met.
- Collaborated with designers and UX experts to implement user-centric designs, enhancing the overall user experience and visual appeal of web applications.
- Demonstrated a commitment to staying updated with industry trends and emerging technologies, actively seeking opportunities for personal and professional growth in the field of web development. .

## DECLARATION

---

I affirm that the information provided in this resume is true, complete, and up to date.
