

BHUPESH UPADHYAY
Frontend Developer
Noida, 201301 | +91 9711751128 | m2000arch@gmail.com

CAREER SUMMARY

Frontend Developer with 2 years of experience in building dynamic web applications using React.js and Next.js. Proficient in developing responsive and scalable UI/UX designs, with a strong focus on delivering high-quality, user-friendly solutions. Skilled in Playwright testing, API testing, and manual testing to ensure the robustness and reliability of web applications. Currently expanding skills in Node.js for back-end development. **Immediate Joiner.**

PROFESSIONAL EXPERIENCE

Highpolar Software
Web Developer | October 2022 - Present

- **Tech Support:** Delivered responsive technical support to enhance user satisfaction and retention.
 - **Frontend Development:** Developed and maintained web applications using React.js and Next.js, ensuring seamless user interactions and responsive designs.
 - **UI/UX Implementation:** Specialized in transforming pixel-perfect designs into functional, clean code, focusing on intuitive user experiences.
 - **Testing:** Performed Playwright testing, API testing, and manual testing to validate the functionality and performance of web applications.
 - **Collaboration:** Worked closely with designers and backend developers to create high-quality, scalable applications.
-

RELEVANT PROJECTS

ATBS Portal
URL: <https://atbs-portal-production.highpolar.in>

- **Overview:** Developed a web application with a focus on seamless and interactive user experiences.
 - **Technologies Used:** Next.js for server-side rendering and static site generation, Mantine UI for a responsive and modern interface.
 - **Key Features:** Dynamic content management, real-time updates, and cross-device adaptability.
-

Playwheel
URL: playwheelksa.com

- **Overview:** Created an engaging and interactive platform for gaming enthusiasts in Saudi Arabia, providing seamless access to various gaming-related services and events.
 - **Technologies Used:** Built using Next.js for fast performance and server-side rendering, along with Tailwind CSS for responsive and flexible UI design.
 - **Key Features:** Integrated user authentication, real-time updates for events, and an intuitive dashboard for users to track their gaming activities. The platform is optimized for both mobile and desktop experiences, ensuring a smooth user journey across devices.
-
